January 2026

Dear Parent/Carer

In July, Sevenoaks School will again be running its Summer Programmes – two, two-week academic enrichment courses aimed at ambitious students aged 11-16 from all over the world. We will be welcoming around 200 students for each session from over 40 different countries.

During the courses, it is enormously helpful to have Sevenoaks School day students to act as Student Hosts. The Student Host programme has proven extremely successful over the years, with Sevenoaks School students enhancing the experience of Summer Programme participants.

Being a Student Host is a great opportunity for Sevenoaks students to represent the school; to improve skills such as leadership, teamwork and cultural sensitivity, and it is a wonderful chance for them to make new global friendships. Most days, Student Hosts will come into School at 15:00, take part in Co-Curricular activities, have dinner, spend some free time at the boarding house with the international students and take part in evening activities before going home at 21:30. Those who volunteer as an English Mentor and take part in afternoon English lessons will arrive at 13:00 each day (other than on excursion days), and take part in lessons from 13:30 – 15:15 before Co-Curricular activities begin.

The 2026 Student Host timetable is illustrated below:

## Session One

As our international students will be aged 11-16, this opportunity is open to Sevenoaks students in Y7-11. There will be no additional cost for this opportunity. Please note that, while it is preferable that students are able to take part in the entirety of a session, it may still be possible for your child to only do certain days. Please ensure your child makes it clear if they are unavailable for any days of the session on their application form.

If successful, Student Hosts will be required to attend a series of training sessions during the Summer term and an Induction on 30 June with the SSSP team to allow them to understand the requirements of a Student Host and the expectations of their role.

Student Hosts will be allocated to activities to which we feel they will be best suited and that provide the programme with a suitable spread of Student Hosts. Please also note that places will be determined by activity demand and availability. As a result, it is possible that not all Sevenoaks students will be successful in their bid to be Student Hosts. Unfortunately, being a Student Host will not be open to Boarders, as the boarding houses will be occupied during the summer holidays.

To apply, please ask your child to click on [this link](#). It is possible for them to apply for one or both sessions. Online applications will close on **Friday 13 February**. You will be informed whether your child has been given a place by **Tuesday 31 March**.

If you have any questions, please contact the Summer Programmes team via email [sssp@sevenoaksschool.org](mailto:sssp@sevenoaksschool.org) or call Kari Quant on 01732 467716.

Kind regards
